Cancer

Helping kids with cancer...be kids!

2014 ANNUAL REPORT

OUR MISSION

Friends of Kids with Cancer is devoted to enriching the daily lives of children undergoing treatment for, and survivors of, cancer and blood-related diseases. OUR MISSION is to be an advocate for these special kids and provide them and their families with the educational, emotional and recreational support needed as a result of the long hours of chemotherapy, illness and isolation.

OUR HISTORY

A simple idea.

Friends of Kids with Cancer has a proud 23-year history exclusively in St. Louis of helping kids with cancer...be kids. Jill Turec, Developmental Specialist at Mercy Clinic Children's Cancer and Hematology Center, along with concerned parents, Molly Henry and Susie Snowden, saw the great need to enrich the daily lives and divert the attention of the patients outside of the medical treatments. These three women shared a dream that every child with cancer would experience as much fun, laughter, support and normalcy as possible. It was this idea that was the birth of Friends of Kids with Cancer. Starting in the office of Dr. Bob Bergamini in 1992, the inaugural program, The Big Shelf, now known as the Toy Closet, was launched to brighten the long gloomy and painful days spent in the treatment center.

From that day on, Friends has been driven to meet the ever-evolving needs of not only the patients but their entire families. Everything Friends does is suggested by medical professionals and patient families. Dr. Bob's philosophy is to "treat the needs of the entire child...not only the cancer". Friends is such an important and unique charity because it gives back something that medicine can't. The Educational, Emotional and Recreational programs build self-esteem and improve the quality of life to assure that the patients and their families remain positive, focused and prepared to meet their future needs.

The glue.

Friends of Kids with Cancer has a unique niche for the families of children battling cancer: the glue. Cancer doesn't just fight the blood cells in a child's body; it puts a strain on the entire family physically, mentally and financially. Fighting cancer is tough for everyone, but for a child with so little life experiences, as well as the social and emotional handicaps that accompany their treatment, make it extremely trying. Friends of Kids with Cancer is the glue that mends and holds together all of the devastating pieces cancer creates.

The power of positive thinking.

Friends of Kids with Cancer doesn't create miracles; those are left to modern medicine and the doctors and nurses who administer them. What we do, however, is create a positive frame of mind. Universally, being happy, positive and motivated makes every child more likely to succeed at whatever their goal happens to be. We believe the same applies here. Friends cultivates mental well being with programs that help children and their families fighting cancer, cope with the daily challenges they face, make the best out of the situation they are in, and most importantly, remember that they will not be robbed of their childhood.

Leaving a Legacy....

It makes a difference
and assures our future.

"I have included my favorite charity, Friends of Kids with Cancer, in my trust as a Planned Giving Gift. I am so moved by all the tenderness, care and love that they provide every day to these very special kids and their families. As a former Board Member, Finance Committee Member and volunteer for the past 12 years, I know that my bequest will be carefully invested and managed to provide the best possible return to sustain and expand the "Mission" of this wonderful charity. After all, isn't it all about enriching their daily lives and helping kids with cancer... be kids! I hope that you will join me and remember Friends of Kids with Cancer in your trust or will."

Bob Nuelle

To our caring "Friends",

YOU are the reason for our incredible success in 2014, and we are pleased to present our Annual Report documenting all of our achievements thanks to your support.

Jim Valvano, famed basketball coach of North Carolina State, gave a memorable speech on ESPN before he passed away from cancer.

"There are three things people should do every day to live a full life:
Think and use your mind; be overcome with emotion; and laugh and be happy."

Friends of Kids with Cancer's programs are structured around those ideals and are focused on the entire family, not just the patient.

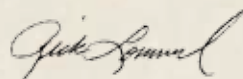

- Our Educational Programs encourage them to **THINK** and keep their minds focused.
- Our Emotional Programs help the families deal with their constant roller coaster of **EMOTIONS**.
- Our Recreational Programs keep them laughing and **HAPPY**.

In 2014, we were very proud of our new and expanded programs to serve our families, our record breaking fundraisers, and the never-ending dedication of our volunteers. We are forever grateful to all of our long-standing supporters and were thrilled to welcome so many new "friends". Old or new "friends", our mission is only possible because of YOU.

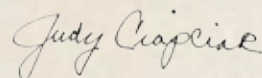

Your caring support is so essential and needed. We continually increase our budget to meet the constant demands of new children being diagnosed with cancer and survivors suffering from a relapse and/or late effects of their chemotherapy.

It is truly because of you that we fulfill our mission of helping kids with cancer... be kids. Many thanks from everyone at Friends of Kids with Cancer.

In friendship and with appreciation,

Rick Lommel

RECREATIONAL

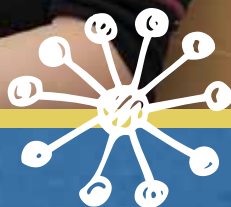

Educational – think

Friends of Kids with Cancer understands that getting a proper education is important for growth and success. Children in treatment for cancer miss significant amounts of school and are often challenged with future learning disabilities.

Our Educational Programs engage their minds and enhance their self-esteem through:

- Educational and Motivational Assistance
- Educational Testing
- Survivors' Scholarships

WWW.FRIENDSOFKIDS.ORG

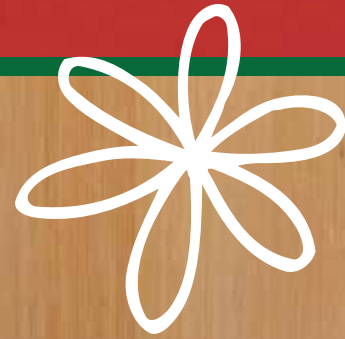

Emotional – feel

Friends of Kids with Cancer provides several different avenues for safely and effectively releasing the emotions and stress built-up in our patients, their siblings and families. It's important to have positive options for patients and families to express their thoughts and feelings when words just don't suffice.

Our Emotional Programs instill confidence and help form therapeutic relationships, which assist in releasing these feelings through:

- Art Therapy
- Support Groups
- Psychological Services & Testing
- Play Therapy

WWW.FRIENDSOFKIDS.ORG

Recreational – smile

Friends of Kids with Cancer makes a bad day better. By creating a positive atmosphere, our Recreational Programs keep smiles on the kids' faces every day despite their illnesses.

We provide patients and their families with uplifting experiences and memories to hold onto through:

Event/Game Tickets

- End-of-Chemotherapy Parties
- Parties for Patient Families
- Toy Closets/Radiation Gifts
- Special Assistance Gift Cards
- Relapse Gifts
- Transplant/End-of-Radiation Gifts
- Memory and Smile Makers

Eats & Treats

- Snacks/Special Meals
- Grocery Assistance
- Clinic Lunches
- Ice Cream Socials
