

Friends of Kids with Cancer

Helping kids with cancer... be kids!

2018 ANNUAL REPORT

Friends of Kids with Cancer is devoted to enriching the daily lives of children undergoing treatment for, and survivors of, cancer and blood-related diseases. OUR MISSION is to be an advocate for these special kids and provide them and their families with the educational, emotional and recreational support needed as a result of the long hours of chemotherapy, illness and isolation.

Our History

A simple idea.

Friends of Kids with Cancer has a proud 25-year history exclusively in St. Louis of helping kids with cancer...be kids. Jill Turec, Developmental Specialist at Mercy Clinic Children's Cancer and Hematology Center, along with concerned parents, Molly Henry and Susie Snowden, saw the great need to enrich the daily lives and divert the attention of the patients outside of the medical treatments. These three women shared a dream that every child with cancer would experience as much fun, laughter, support and normalcy as possible. It was this idea that was the birth of Friends of Kids with Cancer. Starting in the office of Dr. Bob Bergamini in 1992, the inaugural program, The Big Shelf, now known as the Toy Closet, was launched to brighten the long gloomy and painful days spent in the treatment center.

From that day on, Friends has been driven to meet the ever-evolving needs of not only the patients but their entire families. Everything Friends does is suggested by medical professionals and patient families. Dr. Bob's philosophy is to "treat the needs of the entire child...not only the cancer". Friends is such an important and unique charity because it gives back something that medicine can't. The Educational, Emotional and Recreational programs build self-esteem and improve the quality of life to assure that the patients and their families remain positive, focused and prepared to meet their future needs.

The glue.

Friends of Kids with Cancer has a unique niche for the families of children battling cancer: the glue. Cancer doesn't just fight the blood cells in a child's body; it puts a strain on the entire family physically, mentally and financially. Fighting cancer is tough for everyone, but for a child with so little life experiences, as well as the social and emotional handicaps that accompany their treatment, make it extremely trying. Friends of Kids with Cancer is the glue that mends and holds together all of the devastating pieces cancer creates.

The power of positive thinking.

Friends of Kids with Cancer doesn't create miracles; those are left to modern medicine and the doctors and nurses who administer them. What we do, however, is create a positive frame of mind. Universally, being happy, positive and motivated makes every child more likely to succeed at whatever their goal happens to be. We believe the same applies here. Friends cultivates mental well-being with programs that help children and their families fighting cancer, cope with the daily challenges they face, make the best out of the situation they are in, and most importantly, remember that they will not be robbed of their childhood.

Think

Friends of Kids with Cancer understands that getting a proper education is important for growth and success. Children in treatment for cancer miss significant amounts of school and are often challenged with future learning disabilities.

Educational

Our Educational Programs engage minds and enhance their self-esteem through:

- ★ Educational and Motivational Assistance
- ★ Educational Testing
- ★ Survivors' Scholarships

Feel

Friends of Kids with Cancer provides several different avenues for safely and effectively releasing the emotions and stress built-up in our patients, their siblings and families. It's important to have positive options for patients and families to express their thoughts and feelings when words just don't suffice.

Emotional

Our Emotional Programs instill confidence and help form therapeutic relationships, which assist in releasing these feelings through:

- ★ Art Therapy
- ★ Psychological Services & Testing
- ★ Support Groups
- ★ Play Therapy

Smile

Friends of Kids with Cancer makes a bad day better. By creating a positive atmosphere, our Recreational Programs keep smiles on the kids' faces every day despite their illnesses.

Recreational

We provide patients and their families with uplifting experiences and memories to hold onto through:

- ★ End-of-Chemotherapy Parties
- ★ Parties for Patient Families
- ★ Toy Closets/Radiation Gifts
- ★ Special Assistance Gift Cards
- ★ Relapse Gifts
- ★ Transplant/End-of-Radiation Gifts
- ★ Memory and Smile Makers
- ★ Snacks/Special Meals
- ★ Grocery Assistance
- ★ Clinic Lunches
- ★ Ice Cream Socials

Friends of Kids with Cancer 2018 Financial Report

Leaving a Legacy...

It makes a difference and assures our future.

"I have included my favorite charity, Friends of Kids with Cancer, in my trust as a Planned Giving Gift. I am so moved by all the tenderness, care and love that they provide every day to these very special kids and their families. As a former Board Member, Finance Committee Member and volunteer for the past 12 years, I know that my bequest will be carefully invested and managed to provide the best possible return to sustain and expand the "Mission" of this wonderful charity. After all, isn't it all about enriching their daily lives and helping kids with cancer...be kids! I hope that you will join me and remember Friends of Kids with Cancer in your trust or will."

-Bob Nuelle

Friends of Kids with Cancer

Helping kids with cancer... be kids!

Think
